Members holding shares in electronic form are, therefore, requested to submit their PAN to their DP.

6. Members may note that the Income Tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company on or after April 01, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit the following documents in accordance with the provisions of the IT Act.

For **Resident shareholders**, taxes shall be deducted at source under Section 194 of the IT Act as follows, Members having valid PAN @10% or as notified by the Government of India. Members not having valid PAN @20% or as notified by the Government of India.

For Shareholders who are identified as "Specified Persons" under Sec 206AB of the Act, higher tax rate as applicable would be deducted if,

NOTICE

- i) Shareholder has not filed the returns of income for both of the two assessment years relevant to the two previous years immediately before the previous year in which tax is required to be deducted/ collected. Two previous years for FY 2024-25 would be FY 2021-22 and FY 2022-23.
- ii) Aggregate of tax deducted at source and tax collected at source is rupees fifty thousand or more in each of these two previous years.

For the purpose of TDS, Company will verify the status (i.e., Specified Person or not) from the Government enabled online facility and deduct TDS accordingly.

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2024-25 does not exceed ₹ 5,000 and also in cases where members provide Form 15G (applicable to an individual below the age of 60 years) / Form 15H (applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document/certificate as prescribed under the IT Act to claim a lower /Nil withholding tax. Registered members may also submit any other document/certificate as prescribed under the IT Act to claim a lower /Nil withholding tax upto 20th July, 2024. PAN is mandatory for members providing Form 15G / 15H or any other document/certificate as mentioned above.

For **Non-resident shareholders**, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY STRUCTURE & DEVELOPMENT:

We all know that water is a prime natural resource and a basic human need for survival and existence. Indeed water is fundamental to our life. In view of the vital importance of water for human, animal & plant life, for maintaining ecological balance and for economic and developmental activities of all kinds and considering its increasing scarcity, the planning and management of this resource and its optimal economical and equitable use has become a matter of national importance.

Your Company has been in the business of manufacturing, laying and jointing of pipelines of various pipe materials such as RCC pipes, Steel pipes, Prestressed Concrete pipes, Penstock pipes, Bar Wrapped Steel Cylinder pipes (BWSC), Prestressed Concrete Cylinder pipes (PCCP) etc., which provide infrastructure facility and development of drinking water supply projects, irrigation projects, Sanitation and Sewerage schemes. For over five decades as a part of nation building, your Company has also been undertaking infrastructure development programmes by way of executing on turnkey basis the combined water supply projects i.e. undertaking the complete job of water supply from source to distribution centers which apart from manufacturing, laying and jointing of pipelines included construction of intake wells, water sumps, water treatment plants, water pumping stations, installation of pumping machineries, electro-mechanical works, branch mains, ground level reservoirs, elevated reservoirs, leading to executions of complete systems for water supply to various towns and villages of India.

2. OPPORTUNITIES AND THREATS:

Water is one of the most crucial elements in our national developmental planning for the 21st Century. The proper management of our limited water resources will be essential to ensure food security for country's growing population and to eliminate poverty. (Water Policy and Action Plan for India 2020: An Alternative).

As per Indian Census 2011, the population of India was 121 crores. A scarce natural resource, water is fundamental to life, livelihood, food security and sustainable development. India has more than 18% of the world's population, but has only 4% of world's renewable water resources and 2.4% of world's land area. There are further limits on utilizable quantities of water owing to uneven distribution over time and space. In addition, there are challenges of frequent floods and droughts in one or the other part of the country. With a growing population and rising needs of a fast developing nation as well as the given indications of the impact of climate change, availability of utilizable water will be under further strain in future with the possibility of deepening water conflicts among different user groups. The main emphasis of the National Water Policy, 2012 is to treat water as economic good. Low consciousness about the scarcity of water and its life sustaining and economic value results in its mismanagement, wastage, and inefficient use, as also pollution and reduction of flows below minimum ecological needs. In addition, there are inequities in distribution and lack of a unified perspective in planning, management and use of water resources (Source:- National Water Policy 2012). As it is with the growing population demanding more food, more products and higher standards of living, the shortage of drinking water can only get worse. Thus there is a vast scope for improvement in infrastructural developmental activities in water supply, drainage and sewerage schemes in sanitation Swachh Bharat

segments leading to good scope for the Company's manufacturing and contracting activities in this field.

Growth of population and the expansion of economic activities inevitably lead to increasing demands for water for diverse purposes i.e. domestic, industrial, agricultural, hydro-power, thermal power, navigation, recreation etc. Domestic and Industrial water needs have been largely concentrated in or around major cities, however the demand in rural areas is expected to increase sharply with the development programmes of State Governments to improve the economic conditions of the rural mass. Demand for water for hydro and thermal power generation and for other industrial uses is also increasing substantially. As a result water which is already scarce will become even scarcer in future. This underscores the need for the utmost efficiency in water utilisation and its distribution. Through awareness of efficient water supply system and water quality, we can keep our water supply adequate and provide clean & healthy water for our children. It is their fundamental rights. Hence there is a good scope for many water supply projects coming up in near future and this auger well for your Company.

Increased competition from medium/large scale construction entities and availability of substitutes such as alternative pipe materials like Ductile Iron pipes, spirally welded steel pipes and H.D.P. E. pipes are perceived as one of the threat / competition to the Company. Another cause is prices of key raw materials namely steel, steel wires, HT wires and cement, which were on uptrend during the year under review.

3. SEGMENT-WISE ACTIVITY:

(i) Construction:

The Company is considered a pioneer in the field of water supply industry; it is in this line of business for over five decades. The Company's presence is there in almost all water supply related activities, viz. Urban & Rural Water Supply, Large diameter Irrigation pipelines, Head Works including pumping machinery, Treatment Plants, Overhead Tanks and other allied Civil Construction. The Company also supplies Concrete Railway sleepers to Indian Railways.

(ii) Land Development:

The Company is monetizing its land parcels. It is a new segment activity for the year under review in accordance with applicable Accounting Standards. The development of real estate project on the Company's land situated at Hadapsar, Pune, Maharashtra started during the year under review. The segment wise report is given below:

4. Outlook:

During the last decade, Urban area limits are spreading wider and wider to peripheral areas, but at the same time, the basic amenities like Water Supply, Drainage, etc are not keeping pace with the requirement of more and more urbanization. Apart from the above, most of the rural areas in India fall short of access to drinking water.

Central Government, State Governments and local bodies are making best efforts to supply safe drinking water. Hence, number of water supply schemes are under anvil.

Har Ghar Jal (Water to Every Household) is a Scheme announced in the Union Budget 2019 by the Government of India with the aim to provide tap water to every rural household by the year 2024 at a cost of ₹ 5 Lakhs Crore during 5 years.

MANAGEMENT DISCUSSION AND ANALYSIS

To augment agricultural output, Lift Irrigation Schemes (LIS) are undertaken by various State Governments. Hence, number of LIS are under anvil.

Further to make cities and rural areas under more hygienic conditions and endeavour towards Swachha Bharat number of sewerage disposals and drainage schemes are also coming up.

Barring the above factors, the long term outlook for the Company in water supply, irrigation, sewerage and drainage segments is encouraging and good. The Company will keep a close watch on the evolving scenarios and will prepare itself for adapting to the changing environment.

5. Risks & Concerns:

The Company's activities and prospects largely depend on the implementation of various water supply related projects undertaken by various States / Central Government Agencies. The Company is undertaking turnkey projects of water supply schemes, irrigation and sewerage schemes of various State Governments and it depends upon their policy on approval of finance and allocation of funds as well as their ability to raise funds to undertake such water supply projects amongst various infrastructure related projects being implemented by them. Adverse changes and lack of funds, delays the work resulting in higher cost and can affect the business prospects of the industry and the Company. Severe competition from the manufacturers of alternative pipes like Ductile Iron Pipes, PVC Pipes, HDPE Pipes, and Spirally Welded Steel Pipes can affect the Company's prospects.

It is seen that manufacturing capacity is surplus for HDPE / PVC Pipes, HR Coils, TMT, M S Wires. If overseas demands are not supportive, prices in domestic market show downtrend. In the year under review, except for DI Pipes & Cement, due to sluggish overseas demand, prices decreased.

Prices of HR Coils were down by 9.5%, M S Wire down by 14%, PC Wire down by 11%.

Prices of TMT were down by 16%, HDPE & PVC Resin down by 13%, while cement prices were up by 12%.

For past 2 to 3 years, State Governments have come up with many Water Supply Projects & DI Pipes is main constituent. There is a huge gap in supply & demand of DI Pipes. This has resulted in 10% price rise in DI Pipes. Due to short & delayed supplies of DI Pipes, progress of all our projects severely affected.

6. Internal Control Systems and their adequacy:

The Company has adequate internal control procedures commensurate with its size and nature of business that ensures control over various functions of the organisation. The internal control system provides for guidelines, authorisation and approval procedures.

The internal audit reports, post audit reviews are carried out to ensure compliance with the Company's policies and procedures.

7. Financial Performance with respect to Operational Performance:

For the year ended 31st March 2024, the Revenue from Operations of the Company was ₹ 1,38,863.19 Lakhs as compared to previous year Revenue from Operations of ₹ 1,54,288.46 Lakhs.

The profit before tax was ₹ 10,349.38 Lakhs as against ₹ 7,237.74 Lakhs achieved last year. The order book position was ₹ 3,698.17 Crores as on 12th May, 2024 as compared to ₹ 3,112.03 Crores as on 6th May, 2023.

8. Details of significant changes of 25% or more as compared to the previous financial year 2022-23 in key financial ratios, along with detailed explanations therefor:

Please refer schedule No. 2.45 of the Notes to Financial Statements.

9. Details of any change in the Return on Net Worth as compared to the previous financial year 2022-23 along with a detailed explanation thereof:

Particulars	2023-24	2022-23	Change %
Return on Net worth*	10.18	8.28	22.99

* The improvement in the ratio is mainly due to higher profits as compared to previous year.

10. Human Resources and Industrial Relations:

The Company has total strength of 1,470 permanent employees as on 31st March, 2024 working at various locations at Factories / Project offices / Head Office and Research & Development Division.

We believe that our employees are our most valuable asset, and investing in their development is essential to our long-term success. In 2023-24, IHP continued to prioritize training and development initiatives to enhance the skills and capabilities of human capital.

3. Donated Shalya Electro Cautery machine with Vessel Sealer and Manman Saw to department of Cardiovascular and thoracic Surgery, T. N. Medical College and B.Y.L. Nair Hospital, Mumbai of the value of Rs.10,03,705/-. This premium high end equipment will be put to use in CVTS OT, CVTS ICU, and Emergency Services of Nair Hospital where it will serve thousands of needy patients for years to come at free of cost. Electric cautery forms another indispensable equipment of not only cardiac surgery but for the fact of matter, for any Surgery as it is by this equipment only a surgeon can open up the body tissues precisely and in bloodless (hemostatic) manner to identify the tissues and to operate upon target area. This equipment uses heat (through electric current) to cut through the body tissues and perform surgery. Manman saw is an electric supply operated saw used for opening chest (sternotomy) to perform open heart surgeries. It merits as most basic yet indispensable equipment of cardiac surgery without which cardiac surgery cannot be performed as it gives us the gateway to the heart. Nothing more needs to be said to its importance just by the sheer of its function to open up the gateway to the heart.

1.	<p>Revenue recognition in respect of construction contracts (Contract revenue) recognised over time. (Refer Note 1(f) of the financial statements of the Company)</p> <p>For the Contract revenue recognised over time, the Company recognises revenue by measuring the progress of the performance obligation at the reporting date. The progress is measured based on the Company's efforts or inputs to the satisfaction of the performance obligation, by reference to the contract costs incurred up to the end of reporting period as a percentage of total estimated costs for each contract.</p> <p>The revenue on contracts may also include variations mainly on account of change in scope of work and escalations / de-escalations. Variations are recognised on a contract-by-contract basis based on the estimated amount of variation that the company is entitled to and upto the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Further, the contract variation is considered as a part of the existing contract if the remaining goods or services are not distinct and, therefore, form part of a single performance obligation that is partially satisfied at the date of the contract variation. The effect that the contract variation has on the transaction price, and on the entity's measure of progress towards complete satisfaction of the performance obligation, is recognised as an adjustment to revenue.</p> <p>Significant judgments and estimations are required in determining the completeness of the estimated total costs and the amount of progress of the performance obligation at the reporting date. Accordingly, recognition of revenue over time is considered a key audit matter</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> ● testing of the design and implementation of internal controls over Revenue recognition and significant judgements and estimates used in the assessment of the contract revenue as well as their operating effectiveness over the following: <ol style="list-style-type: none"> a. Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board of Directors report, including Annexures to Board's report, Business Responsibility and Sustainability Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, specified under Section 133 of the Act read with the rules made thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatements in the financial statements that, individually or aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning of the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Government of India – Ministry of Corporate Affairs, in terms of sub-section (11) of section 143 of the Act, we enclose in the annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, and the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) the Company has disclosed the impact of pending litigations on its financial position in its financial statements – refer note 2.43 to the financial statements;

- (ii) The Company has made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long term contracts. The Company does not have any derivative contracts.

- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- (iv) (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (c) In our opinion and based on the audit procedures we have considered reasonable and appropriate in the circumstances, nothing has come to our

INDEPENDENT AUDITOR'S REPORT

notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- (v) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act. As stated in note b of statement of changes in equity to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- (vi) Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded

in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

As proviso to rule 3(1) of the companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the year ended March 31, 2024

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 under the heading ‘Report on Other Legal and Regulatory Requirements’ of our Report of even date on the financial statements for the year ended on March 31, 2024, of **The Indian Hume Pipe Company Limited**)

- (i) (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of Intangible assets.
- (b) Some of the property, plant and equipment (capital work-in-progress, investment properties and right-of-use assets) were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the property, plant and equipment at reasonable intervals having regards to the size of the Company and the nature of its activities. According to the information and explanations given to us no material discrepancies were noticed on such verification.
- (c) Based on the examination of the registered sale deed provided to us, we report that, the title deeds, of all the immovable properties of land and buildings, (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment and investment properties are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for borrowings are held in the name of the Company based on the confirmations directly received by us from the designated custodian of the lenders.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right of Use assets) and intangible assets. Accordingly, provisions of clause 3(i)(d) are not applicable.
- (e) According to the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at any point of time of the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements (comprising stock statement, book debt statements) filed by the Company with such bank are in agreement with unaudited books of account of the Company of the respective quarters.
- (iii) The Company has not made any investment in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.
- (iv) As informed, the Company has not advanced any loans, made any investments or given any guarantees and securities. Accordingly, provisions of section 185 and 186 of the Companies Act, 2013 and clause 3 (iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits from the public to which the provisions of section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposit) Rules 2014 apply. No order has been passed by the Company Law Board, National Law Tribunal or Reserve Bank of India or any other court or any other tribunal.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 for manufacture of steel products. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government for maintenance of cost record under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the records of the Company, it is generally regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees’ state insurance, income-tax, cess and any other material statutory dues to the appropriate authorities.
- According to the information and explanations given to us, no undisputed amounts payable in respect of above which were outstanding, as at March 31, 2024, for a period of more than six months from the date on which they became payable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

Annexure - B to the Independent Auditor’s Report of even date on the Financial Statements of The Indian Hume Pipe Company Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **The Indian Hume Pipe Company Limited** (“the Company”) as of March 31, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Corporate Information

The Indian Hume Pipe Co. Ltd. ("the Company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The Company is in the business of manufacturing, laying and jointing of pipelines. The Company has also been undertaking infrastructure development programmes by way of execution on turnkey basis the combined water supply projects. The company also manufactures and supplies Concrete Railway Sleepers to Indian Railways.

Its shares are listed on two recognised stock exchanges in India - the Bombay Stock Exchange and the National Stock Exchange. The registered office of the Company is located at Construction House, Walchand Hirachand Road, Mumbai - 400 001, India.

The financial statements of the Company for the year ended March 31, 2024 were approved by the Board of Directors and authorised for issue on May 16, 2024.

1 Material Accounting Policies

(a) Statement of compliance and basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards notified under section 133 of the Companies Act, 2013 read along with Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

(b) Basis of measurement

The financial statements have been prepared on an accrual basis and in accordance with the historical cost basis except for certain financial instruments which are measured at fair values.

(c) Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, both financial and non-financial assets and liabilities.

Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at measurement date;
- Level 2: Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Above levels of fair value hierarchy are applied consistently and generally, there are no transfers between level of the fair value hierarchy unless the circumstances change warranting such transfers.

(d) Use of estimates and judgements

The Financial Statements are prepared in conformity with Ind AS, which requires management to make judgements, estimates and assumptions. This may affect the reported amount of assets, liabilities and disclosures of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Accounting estimates are reviewed at each Balance sheet date. Appropriate changes in estimates reflected in the financial statements in the period in which revisions are made and future period affected.

(e) Operating cycle for current and non-current classification

Operating cycle for the current business activities of the Company covers the duration of the specific project / contract / product line / service including the defect liability period wherever applicable and others are disclosed as non-current.

(f) Revenue recognition

The Company recognises revenue from the following major sources:

- (i) Sale of products
- (ii) Construction Contracts
 - Construction revenue and
 - Operations and maintenance Income
- (iii) Revenue from land development

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(i) Sale of products

The Company recognizes revenue from contracts with customers related to sale of goods, when the Company satisfies performance obligation. Performance obligation are satisfied at the point of time when the customer obtains control of the goods. Indicators that control has been transferred include, the establishment of the Company's present right to receive payment for the goods sold, transfer of legal title to the customer, transfer of significant risks and rewards of ownership in the goods to the customer, and the acceptance of the goods by the customer.

Control is considered to be transferred to customer when customer has ability to direct the use of such goods and obtain substantially all the benefits from it and has the primary responsibility when on selling the goods and it bears the risks of obsolescence and loss in relation to the goods.

(ii) Construction Contracts

The Company recognizes revenue from contracts with customers related to construction contracts over a period of time when the Company's performance under contract does not create an asset with alternative use to the Company and the Company has enforceable right to the payment for performance completed to date.

Contract revenue is recognised in Statement of profit and loss in proportion to the stage of completion of the contract. The stage of completion is based on percentage of actual cost incurred / revenue recognised up to the reporting date to the total estimated cost / estimated revenue of the contract. If the contract is in its early stage such that it may not be able to reasonably measure the outcome of a performance obligation, but the Company expects to recover the costs incurred in satisfying the performance obligation, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Expected loss, if any, on the project is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract

1 Performance obligation and transaction price (Fixed and Variable)

At inception of the contract, Company assesses the goods or services promised in a contract with a customer and identifies each promise to transfer to the customer as a performance obligation which is either:

- a. a good or service (or a bundle of goods or services) that is distinct; or
- b. a series of distinct goods or services that are substantially the same and that have the same pattern of transfer to the customer.

Based on the terms of the contract and as per business practice, the Company determines the transaction price considering the amount it expects to be entitled in exchange of transferring promised goods or services to the customer. It excludes amount collected on behalf of third parties such as taxes. To separate performance obligation/s and for allocating transaction price significant judgement and estimates are applied.

The consideration includes both fixed and variable components. The fixed component refers to the contractually agreed price for completing construction contract. The variable component mainly includes escalations, liquidated damages and reimbursement if any. The Company estimates the amount of variable consideration based on current forecast information available by most likely method, as appropriate, consistently throughout the contract when estimating the effect of an uncertainty on an amount of variable consideration to which the Company will be entitled.

Variable consideration is included in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved. This is assessed based on likelihood and the magnitude of the revenue reversal.

2 Contract modifications

Contract modifications are accounted for when there is change in contract scope or contract price. Modifications or variations are recognised based on amount of estimate that the Company is entitled to and up to the extent that it is highly probable that significant reversals in amount of cumulative revenue will not occur.

Further, contract variations is considered as a part of a single performance obligation that is partially satisfied at the date of contract variations.

The effect that contract variation has on transaction price, and on the entities/ Company's measure of progress towards performance obligation, is recognised on cumulative catch up basis.

3 Operation and Maintenance income:

Revenue from Operation and Maintenance is recognised in the accounting period in which the services are rendered. Invoices are issued according to contractual terms.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(iii) Revenue from land development

1. Revenue arising on sale and/or compulsory acquisition of the land, held by the company as property, plant and equipment or Stock-in-Trade is recognized, at the point of time, on transfer of the land, on execution of the transfer deed by the company.
2. Sale of the developed property (Development of Land)

The Company enters into development agreement with developers for the development of its land parcels. The Development Agreement will define obligation and rights of the Company and Developers. Generally the Company's obligation is to provide its land and also provide necessary FSI/TDR required for utilization of maximum development potential. The land contributed for such development is treated as stock in trade and cost of FSI/TDR along with any other direct costs required to be incurred for such development, forms part of stock in trade in the books of accounts.

Revenue is recognized at the point of time when developed property or part thereof is transferred by way of handing over possession on receipt of full consideration as per the terms of the Development Agreement.

If the Company retains developed property or part thereof in lieu of its share in sale consideration then revenue is recognized at the point of time on receipt of actual possession or receipt of Occupancy Certificate (OC) whichever is earlier.

3. Any amount received from Developer before handing over the possession in terms of the development agreement is treated as advance moneys and shown under the head "Current Liabilities".

(iv) Dividend income

Dividend income from investment is recognised when the shareholder's right to receive the payment is established.

(v) Interest and other income

Interest income is accrued on a time basis, by reference to the principal outstanding and the applicable effective interest rate. Other income is accounted for on accrual basis. Where the receipt of income is uncertain, it is accounted for on receipt basis

(vi) Government grants and subsidies

Government Grants and subsidies are recognised when there is reasonable assurance that the conditions attached to them will be complied and grant / subsidy will be received.

(g) Property, plant and equipment (PPE)

PPE are stated at original cost less net of tax / duty credits availed, if any, accumulated depreciation, and provision for impairment of losses, if any. Self-constructed / manufactured assets are capitalised at cost including appropriate overheads. Capital work in progress comprises of the cost of PPE that are not yet ready for their intended use as at the reporting date.

(h) Investment property

Properties held to earn rentals and / or capital appreciation are classified as investment property and measured and reported at cost less : depreciation and provision for impairment of losses if any, including transaction costs.

(i) Depreciation and Amortisation

Depreciation on the property, plant and equipment and investment property is recognised using written down value method on pro-rata basis as per the rates prescribed in Part C of Schedule II to the Companies Act, 2013. Individual low cost assets (acquired for ₹ 5000/- or less) are depreciated fully in the year of acquisition. Depreciation method is reviewed at each financial year end to reflect the expected pattern of consumption of future economic benefit. The estimated useful lives and residual values are also reviewed at each financial year end and the effect of any change in the estimates of useful lives / residual values is accounted on prospective basis.

Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis commencing from the date the assets are available to the Company for its use.

Depreciation charge for impaired assets is provided on the revised carrying amount of the assets over its remaining useful life.

The management's estimate of useful lives are in accordance with the Schedule II of the Companies Act 2013, other than following asset, based on the Company's expected usage pattern :

Asset	Useful life
Mould	9 years

Freehold land is not depreciated.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(j) Employee Benefits

A Defined Contribution Plan

- a Company's Contribution paid/payable during the year to Provident Fund, ESIC and Labour Welfare Fund are charged to Statement of Profit & Loss. There are no obligations other than the contribution payable to the respective trusts.
- b Provident Fund: The eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both employees and the company make monthly contributions at a specified percentage of the covered employees salary. The contributions as specified under law are paid to provident fund and pension fund set up as irrevocable trust by the Company or to respective Regional Provident Fund Commissioner and the Central Provident Fund under the State Pension Scheme. The Company is generally liable for annual contributions and any shortfall in the fund assets based on government specified minimum rates of return of provident fund and recognises such contributions and shortfall, if any, as an expense in the year incurred.

B Defined Benefit Plan

- a Provident Fund: In respect of certain employees covered by the Employees Provident Fund, the contributions towards shortfall in interest rate payable as per statute and the earnings of the Provident Fund Trust is considered as Defined Benefit Plan and debited to Statement of Profit and Loss.
- b Gratuity and Compensated absences: Company's liabilities towards gratuity and compensated absences are determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Past Services are recognised on a Straight Line basis over the average period until the amended benefits becomes vested. Actuarial gain and losses are recognised immediately in the statement of Profit and Loss as Income or Expense.
- c Obligation is measured at the present value of estimated future cash flows using a discount rate that is determined by reference to market yields at the Balance Sheet date on Government bonds where the currency and terms of Government Bonds are consistent with the currency and estimated terms of the defined benefit obligation.

(k) Financial instruments

Financial assets and / or financial liabilities are recognised when the Company becomes party to the contractual provisions of the financial instruments.

A Financial assets

a Initial Recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVTPL), financial assets are recognised initially at fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset. However, trade receivables that do not contain significant financing component are measured at transaction price.

b Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

Financial Assets at Amortised Cost

Financial assets are measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

Financial Assets Measured at Fair Value

Financial assets are measured at fair value through OCI if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss. In respect of equity investments which are not held for trading, the Company has made an irrevocable election to present subsequent changes in the fair value of such instruments in OCI. Such an election is made by the Company on an instrument by instrument basis at the time of transition for existing equity instruments / initial recognition for new equity instruments.

Financial asset not measured at amortised cost or at fair value through OCI is carried at FVTPL.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables and contract work in progress. Simplified approach recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between after contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/ expense in the Statement of Profit and Loss.

B Financial Liabilities

All financial liabilities including loans and borrowings are measured at amortised cost. A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

Financial liabilities issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

C Equity Instruments

Equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

(l) Inventories

The stock of raw materials, stores and bought out goods are valued at cost (FIFO basis) or net realisable value whichever is lower.

Certain items of Pipe Laying and Auxiliary Equipment are classified as Loose Tools and 95% of their original cost is amortised equally over a period of five years.

Finished Goods including bought-out items not allocated to any particular contracts are valued at lower of cost on absorption method or net realisable value.

Uncovered finished pipes lying at Factory are devalued @25% annually.

Work-in-process are valued at cost or net realisable value whichever is lower.

Stock in trade of land is valued at cost or net realisable value whichever is lower.

(m) Earnings per Share

In determining operating and total earnings per share, the Company considers the operating net profit after tax and effect of any extra ordinary items (net of tax). The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

(n) Taxation

Income Tax expenses comprise of current tax, deferred tax charge/credit. Current Tax is recognised on the basis of taxable income determined in accordance with the provision of the Income Tax Act, 1961.

The deferred tax credit/charge is recognised on all timing differences subject to consideration of prudence, applying the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are generally recognized for all taxable temporary differences to the extent probable taxable profits that will be available against which those deductible temporary differences can be utilized. Deferred tax assets / liabilities are reviewed as at each Balance sheet date based on developments during the year and then available legal positions to re-assess realization / liabilities.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(o) Contingencies and Provisions

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate of the expenditure required to settle the obligation at the balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

A contingent liability is disclosed, unless the possibility of an outflow of resources embodying the economic benefit is remote. Contingent liabilities are disclosed after careful evaluation of the facts and legal aspects of matter involved.

Contingent assets are neither recognised nor disclosed. However, where an inflow of economic benefits is probable, the Company discloses the same in financial statements.

(p) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

2. Other Accounting Policies

(a) Intangible assets

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and provision for impairment of losses, if any.

(b) Impairment of assets

The carrying amounts of property, plant and equipment, investment property and intangible assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors.

An impairment loss will be recognised wherever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to the present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. Previously recognised impairment loss is further provided or reversed depending on changes in circumstances.

(c) Borrowing Cost

The borrowing cost is capitalised, when the cost is incurred and is directly attributable to either construction or acquisition or production of qualifying assets. It is capitalised as part of cost of the qualifying asset. Other borrowing cost, not directly attributable to qualifying asset is recognised as expenses in period in which it incurs.

Effective Interest Rate method as enumerated under Ind AS 39:Financial Instruments: Recognition and Measurement, is applied to calculate amount of interest cost eligible for capitalisation. Qualifying assets are those, which takes substantial amount of time for construction or production either for ready to use or intended to ready to use.

Capitalisation of the borrowing cost is commenced when

- a) expenditure is incurred on qualifying assets which has resulted in payment of cash
- b) borrowing cost is incurred and
- c) necessary activities are undertaken to prepare the asset for intended use.

Capitalisation of borrowing cost is ceased, when substantially all the activities necessary to prepare the qualifying asset for its intended use are complete. When the construction of a qualifying asset is completed in parts and each part is capable of being used while construction continues on other parts, capitalisation of borrowing costs is ceased when it completes substantially all the activities necessary to prepare that part for its intended use.

(d) Research and Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical and economic feasibility and marketability has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Property, Plant and Equipment utilised for research and development are capitalised and depreciated in accordance with the policies stated for Property, Plant and Equipment.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

(e) Leases

(i) As a Lessor

Each lease is analysed and based on the substance of contract is classified as either finance lease or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease payments from operating leases are recognised as income on a straight line basis. Cost, including depreciation which is incurred in earning lease income is recognised as expenses. (refer note 2.2). Depreciation expenses applied on underlying asset is as per the policy of depreciation of the Company.

(ii) As a Lessee

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

- 1 the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the lessor has a substantive substitution right, then the asset is not identified.
- 2 the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- 3 the Company as a lessee has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
 - a) the Company as a lessee has the right to operate the asset; or
 - b) the Company as a lessee designed the asset in a way that predetermines how and for what purpose it will be used

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Notes:

- I. The fair value of the Company's investment properties as at March 31, 2024 and March 31, 2023 have been arrived at on the basis of a valuation carried out as on the respective dates by an independent registered valuer not related to the Company, having appropriate recognised professional qualification and experience in the category of the property being valued.
- II. Valuation techniques and key inputs to determine the fair value:
Level 3 - Fair valuation of residential premises has been done by sales compensation method under market approach for March, 2024 and March 2023. A comparison is made for the purpose of valuation with similar properties that have been sold in the market and thus have a similarity to the subject property considering attributes like age, size, shape, quality of construction, building features condition, design, gentry etc. Accordingly a market value for the subject property is estimated from the adjusted sales price of the comparable properties.
Fair valuation of freehold land is based on Government rates, market trends and comparable values as considered appropriate

Trade Receivables are hypothecated as security by creating 1st pari passu charge for securing working capital facilities loans from banks (refer note no. 2.15)

In accordance with Ind AS 109, the Company has used the practical expedient by computing the expected credit loss allowance for trade receivables by following simplified approach. The expected credit loss model takes into account historical credit loss experience and adjusted for forward looking information.

The Company's customer profile includes government departments and large private corporates. Accordingly, the Company's customer credit risk is low. The Company's average project execution cycle is around 36 to 60 months.

General payment terms include mobilisation advance, monthly progress payments and certain retention money to be released at the end of the project. In some cases retentions are substituted with bank guarantees.

The Company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

There are no trade receivables due from any director or any officer of the Company, either severally or jointly with any other person, or from any firms or private companies in which any director is a partner, a director or a member.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

2.37 Note on Capital management and financial risk management (Contd.)

1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises mainly of risk such as interest rate risk and currency risk. Major financial instruments affected by market risk includes loans and borrowings.

(i) Interest rate risk

The Company is working capital intensive and is rated in "A" band category due to which it is in a position to negotiate competitive pricing for its working capital requirement from Consortium member banks and also from outside consortium banks. The Company avails funds from the banks for a committed / fixed rate of interest for a longer tenure and as such the exposure of the Company towards interest rate volatility is minimized.

With regard to Term Loans, exposure of the Company is not very significant and hence does not pose much threat towards unforeseen and unprecedented & volatile interest risk.

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

₹ in Lakhs

2.37 Note on Capital management and financial risk management (Contd.)

2 Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by trade receivables, unbilled work-in-progress and cash and cash equivalents.

- a Credit risk on trade receivables and unbilled work-in-progress is limited as the customers of the Company mainly consist of government entities having a strong credit worthiness. For other customers, the Company normally secures recoverability of dues by means of getting Letters of Credits established on first class banks in favour of the Company if the material is sold on credit or against receipt of advances from the customers for such supplies and unbilled work-in-progress.
- b Credit risk on cash and cash equivalents is limited as the Company invests in deposits with banks mainly for the purpose of offering EMDs for the tenders floated by prospective customers.

Exposure to the credit risk of the Company is as follows :

₹ in Lakhs

Particulars	As at March 31, 2024	As at March 31, 2023
Trade Receivables	74584.01	82261.07
Contract work in progress	76711.06	85081.25
Margin money deposits	6085.43	6337.58
Total exposure to credit risk	157380.50	173679.90

In accordance with Ind AS 109, the Company has used the practical expedient by computing the expected credit loss allowance for trade receivables by following the simplified approach. The Expected credit loss model takes into account historical credit loss experience and adjusted for forward looking information. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

3 Liquidity Risk

Liquidity is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's Finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Note:

The Company makes contributions towards Provident Fund, Superannuation Fund, Employee's State Insurance Corporation (ESIC) for qualifying employees. The Company has recognised ₹ 750.29 lakhs (March 31, 2023 ₹ 690.88 lakhs) for the year being Company's contribution to Provident Fund, Superannuation Fund and ESIC, as an expense and included in Employee Benefit Expenses in the Statement of Profit and Loss.

C Through its gratuity fund the Company is exposed to a number of risks, the most significant of which are detailed below :

Interest risk

A decrease in the bond interest rate will increase the plan liability; however, in case of gratuity fund, this will be partially offset by an increase in the return on the fund's assets

Longevity risk

The present value of Gratuity fund and leave plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the Gratuity fund and leave plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Investment risk

Funded plans being managed by insurers, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
